Monday, Dec. 23	6-7:30 p.m.	Pregnancy and Infant Loss Support Group	

LIVING WITH GRIEF

Parent Group

Offers grieving parents a safe space to come together and receive support

The Parent Group is held virtually on the 2nd Thursday of each month.

Throughout the grief journey many parents find value in coming together with other grieving parents who can understand and appreciate the intense grief that comes when a child dies. Each session of this program will cover a pre-selected topic, while also having time for open discussion. Parents will have the option to talk about their child and their family's story, as well as share feelings, thoughts and concerns. Parents are welcome to participate as they feel comfortable, however there is no pressure to talk — we understand the value of simply gathering together.

The *Living with Grief Parent Group* serves grieving parents/guardians who have experienced the death of a baby or child during "childhood" (ages of preterm birth to approximately age 25).

This program is **free** and open to any family in the greater community — families do not have to have been cared for in the Children's Minnesota system to participate.

New participants welcomed. Registration is required.

LIVING WITH GRIEF

Youth Program

A safe space for grieving children and teens to connect and receive support

The Youth Program hosts six-week group sessions three times a year.*

The death of loved one is both heartbreaking and life-changing. The *Living with Grief Youth Program* is a safe space for children and teens who are grieving the death of a loved one — a sibling, parent, grandparent, friend or any special person — to talk about their special person, and connect with others who have experienced a similar loss.

Each session focuses on a different grief topic. Children and teens will explore this topic through age-appropriate conversation, art, music, movement and creative interactions. Child life specialists and music therapists offer children and teens the opportunity to learn, explore and gain some understanding about a variety grief topics. Grief groups can be helpful to children and teens because it helps them see that they are not alone, that there are other kids just like them who are grieving.

The program is **free** and open to all grieving children and teens in the greater community. Families do not have to be cared for at Children's Minnesota to participate. Youth programming is for children and teens, kindergarten to senior year in high school.

Groups are held in three six-week sessions staggered throughout the calendar year. New participants are always welcomed, and participants may join any time within the six-week session. There are no attendance expectations or requirements.

^{*} The Winter and Fall sessions will be held on our St. Paul campus. The Summer session will be held on our Minneapolis campus.

The Winter Session will be held Tuesday evenings beginning Feb. 13. The Summer Session will be held Tuesday evenings beginning May 21. The Fall Session will be held Tuesday evenings beginning Sept. 10. See the Program Calendar for exact dates, or contact Bereavement Services.

Group will meet from 5:15–6:30 p.m. on either our St. Paul or Minneapolis campus.

Registration is required. Register to attend a group with Bereavement Services at bereavement@childrensMN.org or 612-813-7216.

SUPPORT FOR GRIEVING YOUNG ADULTS

For information about current local support and programming for grieving young adults, please contact *Brighter Days Family Grief Center* at carolyn@bdgc.us or 952-303-3873.

To learn more about Brighter Days visit brighterdaysgriefcenter.org.

LIVING WITH GRIEF

Grandparent/Aunt/Uncle Group

Offering support for grieving grandparents and close extended family

The Grandparent/Aunt/Uncle Group is held virtually on the 2nd Thursday of each month.

The death of a child impacts an entire family. This special program is designed to recognize and support the unique grief experienced by grandparents and other close adult extended family members when a child dies.

Each session of this program will cover a pre-selected topic, while also having time for open discussion. Grandparents, aunts and uncles will have the option to share their family's story, along with feelings, thoughts and concerns. Participants will receive support for their own loss, as well as ideas of how they can be present to the grief of their family members.

The *Living with Grief Grandparent/Aunt/Uncle Group* serves grieving grandparents and close adult extended family, who have experienced the death of a grandchild or family member who died in "childhood" (preterm birth to approximately age 25).

This program is **free** and open to all grandparents/adult extended family in the greater community — families do not have to have been cared for in the Children's Minnesota system to participate.

New participants welcomed. Registration is required.

PREGNANCY AND INFANT LOSS SUPPORT GROUP

Co-sponsored by Allina Health and Children's Minnesota

The Pregnancy/Infant Loss Group is held on the 2nd and 4th Mondays of the month. Most sessions will be held virtually.

Grieving is painful for everyone, and the death of a baby creates a very special grief. Family and friends may be unable to give grieving parents the support they need. If your baby has died, there are people who understand these intense feelings of loss and emptiness: other parents who have lost a baby. The natural bond between bereaved parents enables them to support and encourage each other in a very unique way.

The *Pregnancy and Infant Loss Support Group* helps parents whose baby has died through ectopic pregnancy, miscarriage, stillbirth or newborn death (shortly following birth or during an NICU stay). The group is made up of parents, and is led by staff members from both Allina Health and Children's Minnesota.

This support group is not therapy, rather it is a group of parents who find comfort and courage in walking this difficult path together. Some groups are lead by a facilitator and feature specific grief topics, while others are open-ended and focus on the current needs of the participants. Every group is a safe and confidential place to share feelings and coping strategies.

The group is **free**. New participants welcomed.

Registration is required.

2024 SPECIAL EVENTS

CHILDREN'S MINNESOTA MEMORIAL SERVICE

An annual event for families, dedicated to honoring the lives of your beloved children.

Saturday, May 11 • 1:30−3 p.m. Silverwood Park Great Hall, St. Anthony, MN

Children's Minnesota Memorial Service is a beautiful and meaningful event where families have the opportunity to remember and honor their babies and children who have died. Parents, siblings, extended family and close friends are all welcome.

Formal invitations with registration information will be mailed in early April.

PARENTING WHILE GRIEVING

An in-person workshop for parents/guardians who are actively parenting while also grieving the death of a special person in their life.

Held in-person in October ● Date TBD

During this single-evening workshop parents/guardians will:

- Explore your experience of parenting while grieving.
- · Understand how grief impacts your child/adolescent/young adult.
- Support your child's/adolescent's/young adult's grief and healing.
- Develop strategies to support your own coping, self-care and well-being.

This workshop will be limited to 20 families. Registration is required.

MEMORY BASH IN-A-BOX

Keeping memories alive

Care packages will be mailed by mid-November.

Join together with family and friends to lovingly remember those you miss so much. The *Memory Bash in-a-Box* activity offers you the opportunity to celebrate and honor your loved one who died with remembrance activities in the comfort of your own home.

Interested families will receive a care package filled with a variety of art projects, activities and musical interventions designed to keep the memories of your loved one alive. In addition to ideas and supplies, the package will include written instructions and links to online content.

Families do not need to have experience or ability in the area of art or music to creatively participate. The activities in the box are designed to be used in ways that suit your family best and are intended to promote healing and joy.

Projects are able to be adapted to a variety of age levels. *The Memory Bash in-a-Box* activity is available to:

- Parents/families grieving the death of a child.
- Youth grieving the death of a special person in their life.

Formal invitations with registration information will be mailed in September.

Bereavement Services

Comfort and support for grieving children and families
