Delivering Next Generation Care

This seminar offers state of the art education in pain management for the pediatric patient from a holistic and multidisciplinary perspective. The program features a faculty of internationally recognized experts, who will cover pharmacological, medical, psychosocial, and integrative therapies in the management of children's acute and complex/chronic pain. Pain assessment and management of somatic, visceral, neuropathic, and psychosocial/spiritual pain, as well as end-of-life management of pain and distressing symptoms will be discussed in depth using lectures, workshops, and small-group approach.

The Master class is primarily designed for physicians and advanced practice nurses to develop their expertise in the field of pain management in a highly interactive seminar format. Space is limited.

For more information, or to request a registration packet, please contact Children's Institute for Pain and Palliative Care (CIPPC) at (612) 813-6450, or e-mail at cippc@childrensmn.org.
