16th Annual Spring Pediatric Update

School Failure:

The Role of Primary Care in Promoting Academic Success

May 13, 2010

John Nasseff Medical Center
255 North Smith Avenue
On the Children's - St. Paul campus

Children's
Hospitals and Clinics
of Minnesota

Delivering Next Generation Care

Program objectives

Following the conference, participants will be able to:

- Describe the most common factors promoting and obstructing learning in children and adolescents.
- Discuss a biopsychosocial framework for understanding school failure.
- Summarize the resources necessary for an appropriate evaluation of a child who is failing in school.
- Articulate interventions for children and adolescents with learning problems to higher educational levels.

Intended audience

This program is designed for pediatricians, family practitioners, and any primary care physicians who wish to increase their knowledge and skills in the area of school failure. Nurse practitioners, nurses, and other health care professionals may also find this program of interest.

The information presented is intended to be practical, and applicable in your practice.

Continuing education

Accreditation

Children's Hospitals and Clinics of Minnesota is accredited by the Minnesota Medical Association to provide continuing medical education for physicians.

Children's Hospitals and Clinics of Minnesota designates this educational activity for a maximum of 7 *AMA PRA Category 1 Credits*[™]. Physicians should only claim credit commensurate with their participation in the activity.

This activity is designed to meet the Minnesota Board of Nursing continuing education requirements; however, nurses are responsible for determining whether this activity meets the requirements for acceptable continuing education.
