## 5th Annual Pediatric Pain Master Class

The Pediatric Pain Master Class offers state of the art education in pain management for the pediatric patient from a holistic and multidisciplinary perspective. The program covers pharmacological, medical, psychosocial, and integrative therapies in the management of children's acute and complex/ chronic pain. Pain assessment and management of somatic, visceral, neuropathic, and psychosocial/spiritual pain, as well as end-of-life management of pain and distressing symptoms will be explored in depth.

The Master Class is primarily designed for physicians and advanced practice nurses to develop their expertise in the field of pain management in a interactive seminar format.
