Ordering your own lab tests

Note: This testing is not meant as a substitute for regular medical care.

- A physician’s order is not required for these tests.
- Come directly to Children’s laboratory
-- do not register at the admitting desk
- You must pay cash for the tests in advance by cash, check, or credit card; Children’s will not bill you insurance.
- The tests are available Monday-Friday, 7 AM to 7 PM. No appointment is needed. Limited service is available on weekends; please call ahead to check.

- Depending on the testing, you may wait for the results or choose to have them mailed directly to you. You are encouraged to share them with your health care provider.
- Any one under the age of 18 must be accompanied by parent or guardian.

Questions?

If you have questions about the services of Children's laboratory, contact us at (612) 813-6280 in Minneapolis or (651) 220-6550 in St. Paul.

For further interpretation of results, Children's encourages you to consult your health care provider.

To connect with a primary care provider specializing in pediatrics, call Children's Physician Network at (651) 931-3555.

Children's Mission

Children's Hospitals and Clinics champions the special needs of children and their families. We are committed to improving children's health by providing high-quality, family-centered pediatric services. We advance these efforts through research and education.
