## Health Care Occupational and Environmental Safety Workshop

Do you have occupational or environmental safety and health responsibilities in your health care organization? Are you involved with emergency preparedness, infection control, employee safety, and other environment of care topics? Mark your calendars to participate in this workshop featuring the latest in health care occupational and environmental safety.

Registration brochures for this event will be mailed soon, and more information will be online at [www.childrensmn.org/conferences](http://www.childrensmn.org/conferences).

Mail Stop 17-318  
2525 Chicago Avenue
