

# SOCIAL DISTANCING AND PROPER MASK USAGE

Children's  
MINNESOTA

To protect one another and the community, and to slow the rate of COVID-19 spread, we have implemented social mitigation strategies.

It is recommended to **stay six feet apart** from people when you can.

**SIX FEET** is the equivalent of:

**1**

HOSPITAL  
BED

**3**

STETHOSCOPES

**3**

WHEELCHAIRS

**2**

LARGE  
THERAPY DOGS

And don't forget to **wear your mask properly!**
