

## Non-Children's Clinics Referral Orders

When patients need specialty care services that are not available through Children's Minnesota, Children's Health Network (CHN) affiliated providers are the next recommended referral option. Follow the steps below to place a **Non Children's Clinics Referrals** order.

1. From the **Orders** tab, type *non children* in the **Search** field and select **Non Children's Clinics Referrals**.

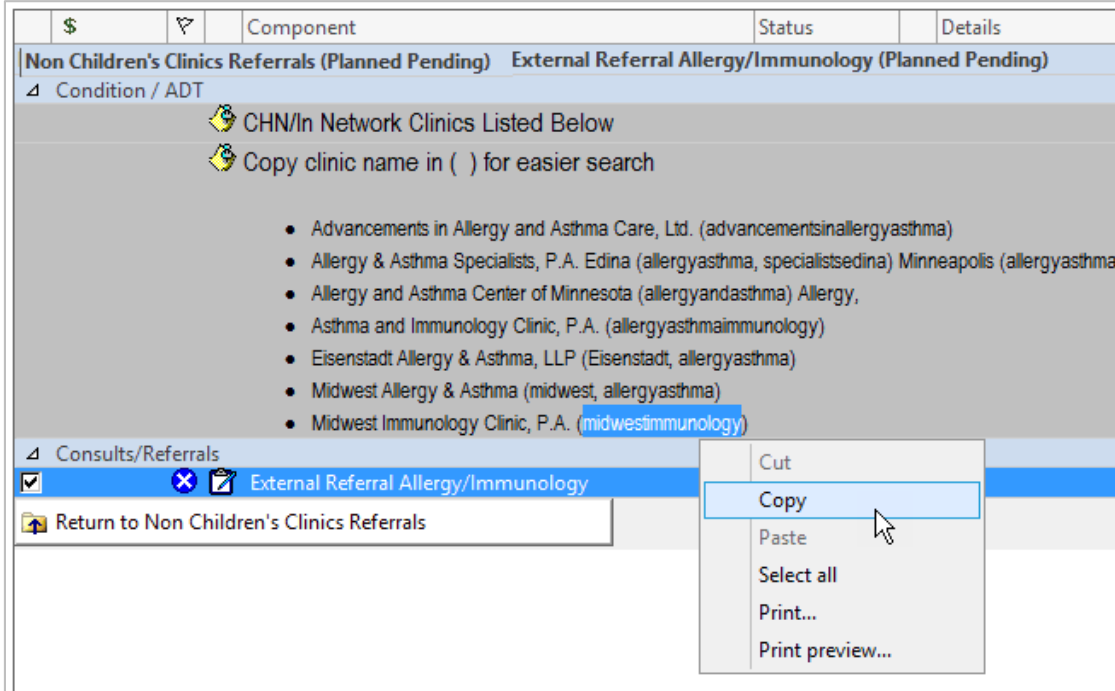

2. Select the appropriate specialty referral.
  - For PowerPlan orders , follow steps 3-5.
  - External Referral orders  are orders only. Follow the standard order process.

**Children's Health Network Referrals**

- Based on the specialty selected, instructions and a list of CHN/In Network Clinics display. Copy the clinic code displayed within the parentheses.

**Note:** Do not include the parentheses when copying the clinic code.

- Right-click on the order and select **Modify**.

- Select **Referred to Provider/Clinic** and paste your copied code in the **Detail values** window. Once the code is pasted, the correct specialty clinic name automatically displays.
