

Insulin Sub-Q Food Bolus and Correction Bolus Order

Insulin Sub-Q Food Bolus and Correction Bolus (Insulin Calculator) Order

Changes have been made to improve the administration and safety of insulin ordering. The Insulin Sub-Q Food Bolus and Correction Bolus order found within the Insulin (PP) Sub-Q Inj PowerPlan, takes away the need for manual calculation and provides an insulin calculator.

Note: The changes do not affect the ordering of the following:

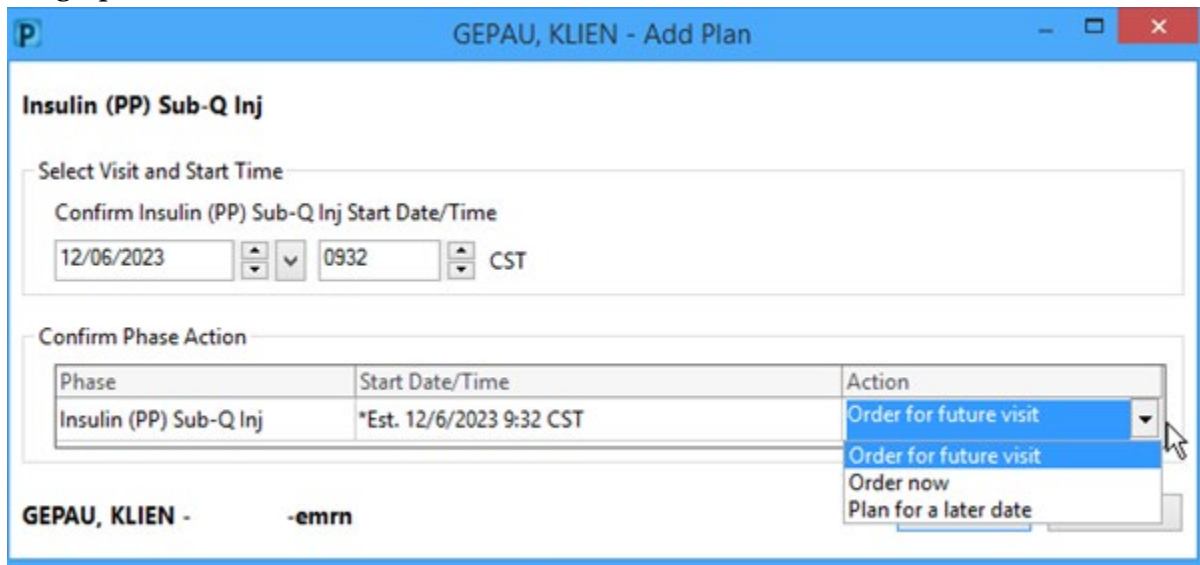

- One-time doses
- Scheduled doses (i.e., Q HS)
- Dilute Insulin order
- Insulin Pump order

Complete Insulin Food Bolus and Correction Bolus (Insulin Calculator) Order

1. Select **Insulin (PP)Sub-Q Inj**.

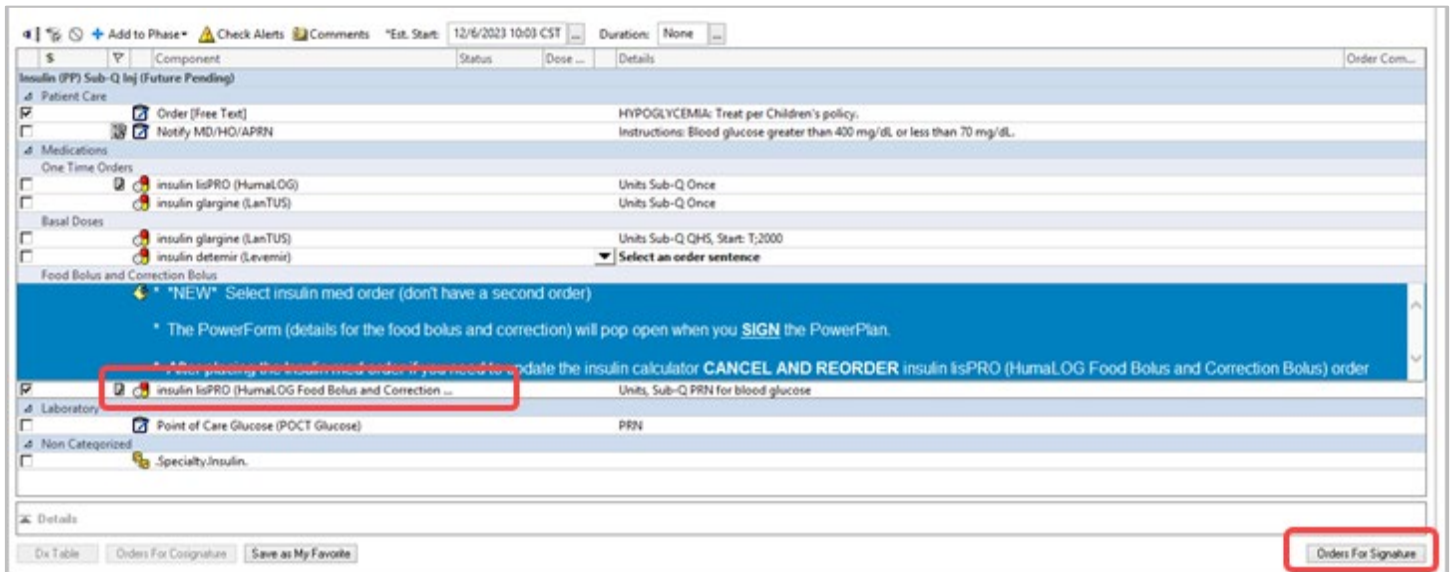

Note: This powerplan can be activated either now or for a future date and time.

- To activate the orders now, select **Order now**.
