### Study Search and Filtering

-  If a patient is marked as confidential and you do not have user privileges to view confidential patients, then patients marked as confidential are not included in your search results or worklists.

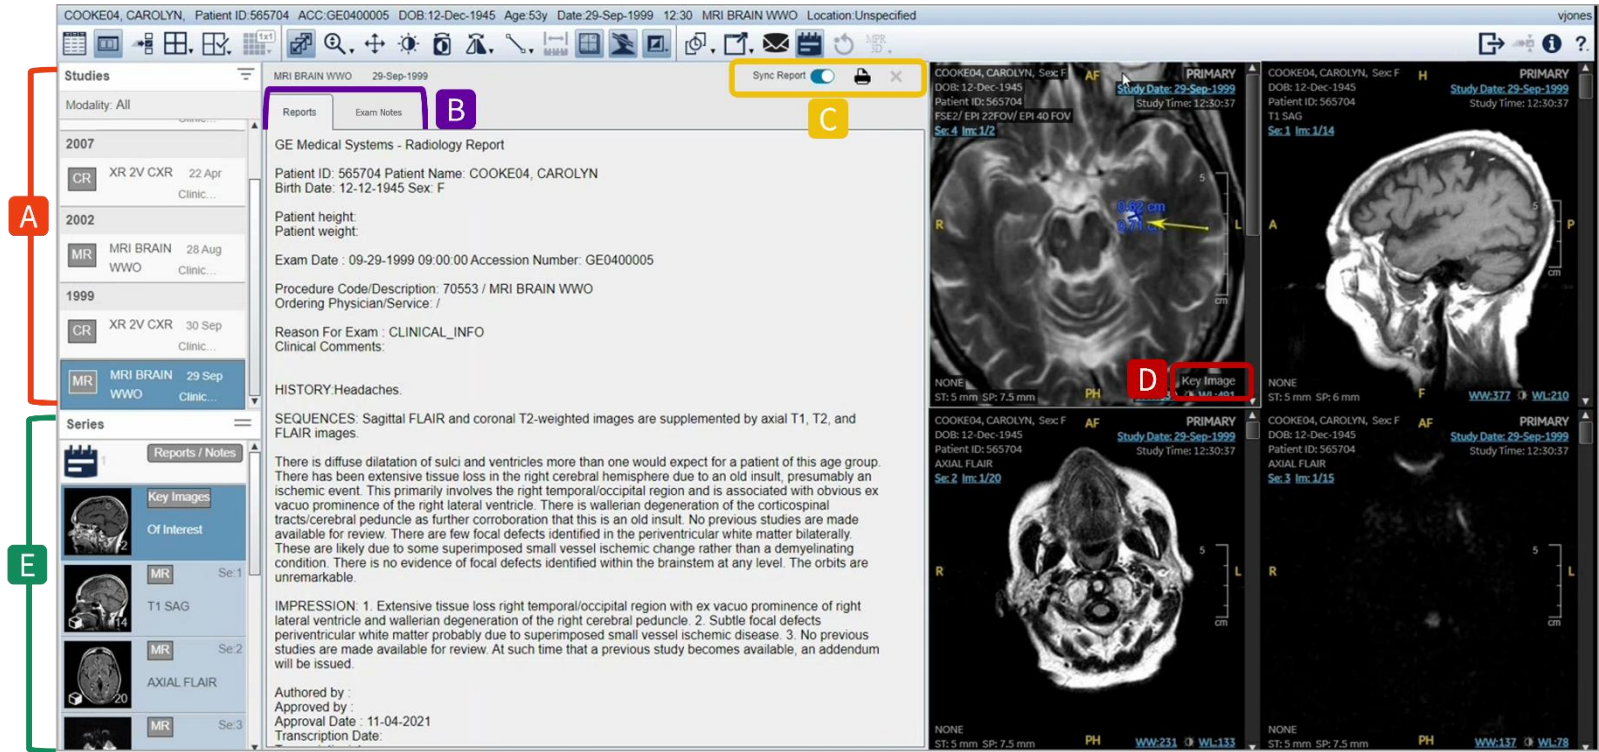

- Search and filter for specific patients and studies.
- Select a tab to use a configured worklist (worklists vary by site).
- Click the door icon to logout.
- Click the column headers to sort the worklist.
- Single-click anywhere in the study row to view the study.
- Click **Search** to view all studies that meet the filter criteria.
- Click **Reset** to clear all filters or start a new search.
