### Training Supervision Grid

**Specialty:** Toxicology

#### House Staff Supervision Guidelines

- **“1”** = A Member of the Professional Staff who is privileged to perform the procedure is physically present while the procedure is being performed.

- **“2”** = A Member of the Professional Staff who is privileged to perform the procedure is consulted prior to performing the procedure.

- **“3”** = The procedure may be performed independently while under the general supervision of the medical education program.

- **“S”** = The procedure may be performed after consultation with a member of the Professional Staff **AND** while directly observed by a supervising resident or fellow.

- **This supervision grid is a guideline and is not intended to interfere with the provision of life-saving care.**

- **An Attending Physician will be involved in and responsible for the care of each hospital patient.**
