

Hospital-based Clinic Fee Disclosure

The following clinics are part of a hospital. Depending on your health insurance, you may see additional charges on your Children's Minnesota billing statement.

These include:

1. A facility fee from the hospital. This includes support staff, supplies and building expenses.
2. A provider fee for your medical provider's services.

Please check with your insurance provider to understand your costs as you may be responsible for additional out-of-pocket expenses.
