

Daawooyinka qaliinka kadib

Qaabka guud: Daawooyinka xanuun bi'iyaha ah

- Rux si aad u qastid dhamaan daawooyinka
- Dhig meel hawada qolka guriga oo kale leh
- Cabidda biyo badan waxay kaa caawinaysaa calool fadhi
- Waxaad kala hadashaa daawada shaqaalaha farmashiyaha

Daawada	Isticmaalka	Waxyeelooyinka ugu badan
Acetaminophen (Tylenol®)	<ul style="list-style-type: none"> U qaado xanuunka yar ama qandho Si fiican u rux, kuna qaado raashin Waad la qaadan kartaa ibuprofen 	 <small>LOO ADKAYBANKARO</small>
Ibuprofen (Advil® or Motrin®)	<ul style="list-style-type: none"> U qaado xanuunka yar ama qandho Hubi oo fiiri "xoogeeda" Ku QAADO raashin si aysan coloosha wax u yeelin Si fiican u rux, waad la qaadan kartaa Tylenol® 	 <small>TAQYAQSII (LA'LABO)</small>
Tramadol	<ul style="list-style-type: none"> U qaado xanuunka/kan dhexe Ku qaado raashin Kuma jiro Tylenol® Waxaad la qaadan kartaa ibuprofen, Tylenol® ama labadaba 	 <small>TAQYAQSII (LA'LABO) CALOOL FADHI</small>
Oxycodone	<ul style="list-style-type: none"> U qaado xanuunka badan Ku qaado raashin Kuma jiro Tylenol® 	 <small>HURDAYSAN TAQYAQSII (LA'LABO) CALOOL FADHI</small>
Eye and/or ear drops	<ul style="list-style-type: none"> Caadiyan antibiyootiga oo lagu daray corticosteroldbaa loo isticmaalaa daryeelka ama ka hortagga caabuqa iyo bararka Fiiri warqadda maclumaaadka bukaanka ama weydii kalkaaliyada/shaqaalaha farmashiga sida loo isticmaalo 	 <small>LOO ADKAYBANKARO</small>

Wakhiyada lagu balamay (e.g., 8 subaxnimo.)	Siinta daawooyinka iyo tirada (Tusaale, daawada A, tirada)	Taariikhda						

Diidmo: Tixraaca aqoon kororsiga bukaanak waxaa loogu tala galay bukaanada guud ahaan. Ma aha in ay badasho go'aanka bukaan socodka, iyo talooyinka u baahan in la raaco si loo gaaro baahida u gaarka ah bukaankaas. Rev8/18.
